## NICE BABY

All babies are "nice," to  
their mothers.

We all love children. Great  
big men, with hard hands,  
have soft hearts for helpless  
new-comers to earth with the  
smile of heaven fresh on their  
innocent faces. No man is too  
high or low, too proud or hum-  
ble, too busy or idle, too good  
or bad, too great or small—ex-  
cept a few very small mean  
men—to throw up their hats  
at the sight of a plump little  
cherub; or to pity a thin one.

Plumpness and thinness are  
accidents. Nature is bounti-  
ful; parents want to be. Scott's  
emulsion of cod-liver oil cor-  
rects their mistakes.

We'll send you a full-size picture of

Refrigerating Paint.

**GENTLEMEN:**—It affords  
me great pleasure to say, that our  
iron roof, 1,400 square yards,  
covered by your "Arabic" Com-  
pound is very satisfactory. The  
heat under our roof before you  
painted it, was almost unbear-  
able, now it feels like an ice house  
compared to what it was. It is  
more than 15 DEGREES COOL-  
ER. I can recommend the "Ar-

**THE STOCK EXCHANGE** resumed its sessions on Wednesday after the hol-  
iday vacation of five days with numerous street shares reported in the in-  
terim. Among these sales were several hundred shares of Wai'alea at  
prices between 116 and 117, a number of Okaala at 15 1-4 and 15 1-2 and some  
Ewa at 23 1-4. Since the opening session there has been little activity in stocks,  
the sale being confined almost exclusively to Ewa, Wai'alea and Okaala. Ewa  
closed on yesterday's board at 28. Wai'alea has fallen to 115 1-4 and Okaala has  
advanced to 16. Assessable stocks, like Kihel, McBryde and Olua, are the most  
popular. Kihel paid-up shares are now held at 17 1-2, a few shares of Olua paid  
up have sold at 15 1-2. McBryde assessable closed at 9 3-4. Wai'alea plantation  
is now fully paid up, all of the assessments having been paid in.

Kihel plantation is now selling at 47 1-2 paid in, the remaining \$250, which  
will make it fully paid up, will be called, so it is believed, some time in March.  
McBryde assessable is now 15 paid in, and Olua assessable is 8 paid in. There  
will be no further assessments called in on these two stocks until July of the  
present year.

Most of the usual dividends were paid on the second day of this month, al-  
though some were paid on the last day of last year. Pioneer Mill did not pay its  
usual dividend of 2 per cent, and Hawaiian Agricultural paid 3 per cent instead  
of 5 per cent. Kahuku paid its usual dividend of 30 cents a share. The annual  
meeting will be held some time this month, when, it is understood, the dividend  
will be reduced, but to just how much is not understood.

There has been considerable talk on the streets among stockholders of the  
Wai'alea plantation concerning the proposition of putting that company on a div-  
idend basis by reason of their bonding the company or issuing capital stock to  
the amount of \$500,000. This proposition, it is understood, will come up before  
the stockholders at the annual meeting to be held in February.

Hawaiian Agricultural will reduce its dividend the coming month from 50 to  
40 cents a share.

**BOND QUOTATIONS IN THE LOCAL MARKET.**  
There is little or no change in the bond quotations. There have been some  
sales of Hawaiian Government 5 per cents at 99, the quotation being 99 bid and  
100 asked.

It is understood that a block of Hilo Railroad bonds amounting to \$125,000  
were placed on the market last week, the buyers being a local banking insti-  
tution.

Among the recent bonds to be listed on the Stock Exchange are Olua, Rap-  
id Transit and Olua. The quotations on the last day of the month were as follows:  
Ewa plantation has finished its 1900 crop and has taken off in all very  
nearly 28,000 tons.

The latest sugar advices from San Francisco are dated December 26. Wil-  
liams, Dimond & Co. in their circular to Messrs. Schaefer & Co. state that no  
changes in the quotations have taken place since the 22d ultimo. Their letter is  
as follows:

We last addressed you 22d inst., per Coptic.  
SUGAR.—Since that date no changes have occurred in the local market or  
for export to Honolulu; dry granulated for local consumption is still being quoted at  
5.65c and for export 5.40c.

**BAKING.**—No sales since last advices, making basis for 96 degree centrifugals in  
New York 43-8c; San Francisco, 4c.

**LONDON.**—December 22.—The quotations for the various denomi-  
nations of the London market were as follows: Java No. 15 D. S., 12s; fair refining,  
11s; December beet, 9s 11-13d; January beet, 9s 2d.

**HOLIDAYS.**—The New York raw and refined sugar markets were closed  
Monday, December 24th, and Tuesday, December 25th.

**EASTERN AND FOREIGN MARKETS.**—Latest mail advices from New York  
under date of December 21st indicate a quiet market in raws with current quo-  
tations maintained in the absence of sugars for sale, but in view of the condition  
of the London market, together with the fact that the reports from Cuba will be  
showing early deliveries, it is thought that a somewhat lower basis in future  
transactions must be looked for when receipts increase. Refined is in light de-  
mand and with the exception of Arbuckle Bros., who continue to take orders at  
5c per 100 pounds under A. S. R. Co. posted rates, refiners are well up with de-  
liveries now. European markets are dull in consequence of increased stocks.

**LONDON CABLE.**—December 21st reports Java No. 15 D. S., 12s; fair refining,  
11s; December beet, 9s 11-13d; January beet, 9s 2d.

**THE NEW WAI'ALEA CEMETERY.**  
Perspective plans of the new Wai'alea cemetery have been prepared and the  
company is now preparing to lay out the various denominational and  
racial divisions proposed. The cemetery lies in the Wai'alea valley on the  
Koko Head side of the island, and is an ideal spot for a burial ground. There  
are fifty acres laid apart for this purpose divided as follows: Protestant, 25 acres;  
Catholic, 10 acres; Chinese, 5 acres; Japanese, 5 acres; extensions and main  
roads, 7 acres. It is proposed to lay the grounds out in a manner that will make  
the cemetery one of the prettiest spots on the island. The various denominational  
divisions will be separated by low walls, and the entire tract will be planted in  
profusion, while around the entire tract a beautiful hedge will be  
grown, shutting it in entirely from the surrounding country. It can be reached  
by Beretania street and the Wai'alea road, or by King street and the new elec-  
tric railway line when completed. Both the Rapid Transit Company and the  
Tramways Company have made propositions for extending their lines to the  
cemetery and meeting the cars at the desired point. The Bishop of the Catholic  
Church has agreed to consecrate the ground dedicated as a Catholic burial  
ground, and it is possible chapels for both the Protestant and Catholic denomi-  
nations may be erected. It is stated that the charge for burial plots will range  
from \$5 to \$20. The roads through the tract will be wide enough for vehicles, and  
pathways will be numerous. More definite plans, showing the detail of the sub-  
divisions will be gotten out soon.

**THE STORM SEWER FOR SURFACE DRAINAGE.**  
The Public Works Department is at work on the trenches for the new storm  
sewer by which the street surface water is to be drained off and led by large  
pipes into the harbor. The outlet will be at Brewer's wharf. From the foot of  
Kaahumanu street the pipe has been laid along Queen street and thence through  
the Brewer square to the outlet. A graded catch basin is located at the corner of  
Kaahumanu and Queen streets leading directly into this sewer. This will be a  
vast improvement during the heavy rainy season and will prevent a repetition  
of the damage to stores done by floods during the month of December on Queen  
and other streets. A storm water pipe has been put in on Fort street and  
another on Alakea street, leading from the electric light station, which is to drain  
Halekahuila and adjoining streets.

**THE WORLD'S SUGAR PRODUCTION.**  
During the year 1900-1901 the production of beet sugar, including the cane  
sugar production of Spain amounted to 5,540,000 tons, to which Germany contrib-  
uted 1,800,000 tons, Austria-Hungary 1,040,000 tons, France 1,000,000 tons, and Russia  
900,000 tons. Belgium produced 320,000 tons, Holland 160,000 tons, Sweden 110,000  
tons and Italy and Spain 100,000 tons. The production of cane sugar amounted to  
2,317,000 tons—Java having been the largest producer. This gives a total sugar  
production of 8,357,000 tons, as compared with 7,321,000 tons in 1898.

**DEATH OF EMILE M. LEFEBVRE.**  
There died on Thursday of last week at his home at Eliza plantation, Par-  
ish of West Baton Rouge, Mr. Emile M. Lefebvre, one of our oldest and well-  
known sugar planters, a gentleman of the old school, a successful sugar planter  
and successful under the changed conditions brought about by the Civil War, says  
the Louisiana Planter of December 15.

Mr. Lefebvre owned four large, first-class plantations, Eliza, Australia, Long-  
wood and New Hope. He had been ill for some time and owing to his advanced  
age, 82 years, was necessarily feeble, but his death came suddenly and was a  
surprise to his many friends, who deeply deplore it and sympathize sincerely  
with his bereaved family.

**ABOUT BISHOP WILLIS.**  
A Churchman Finds Fault With His  
Position in Hawaii.

Editor Advertiser: In the spirit of  
one who travels on holy ground I de-  
sire to ask you if it is not the self-  
evident purpose of Bishop Willis to set  
up a Willis branch of the Holy Cath-  
olic Church and invite the Anglican  
and American branches to affiliate? His  
Lordship of Honolulu has now severed  
all connection with the Archbishop-  
of Canterbury—or vice versa—and  
he does not recognize the authority in  
these islands of the House of Bishops  
in the United States. Hence, he has  
no ecclesiastical superior, and evidently  
wants none. He is the visible head of  
his own church, a church knowing no  
allegiance to any other Episcopate; and  
he is prepared to hurl anathema  
maranatha at any gown or hooded  
interloper who questions his right to  
rule.

In other words, My Lord is setting up  
a little Papacy. The first we know we  
shall hear of Pope Alfred I and Car-  
dinal Kitcat. For one, I should enjoy  
the spectacle, for amusements are too  
few and far between in these islands;  
but how about the faithful communi-  
cants who prefer a somewhat wider  
jurisdiction of their church, and are  
not disposed to be known as Willisites?  
CHURCHMAN.

**SEMI-ANNUAL MEETING.**  
Central Union Christian Endeavorers  
Last Night.

The semi-annual meeting of the Cen-  
tral Union Christian Endeavor was  
held last night at Central Union  
Church, and the officers for the past  
year turned over the work to the new-  
ly elected officers for 1901. The regu-  
lar installation of the new officers will  
take place at Central Union Church  
next Sunday evening, Rev. Mr. Kin-  
caid superintending.

The annual apportionment of charity  
funds was also made for this year.  
The following is the list of apportion-  
ments: For Chinese missionary work  
under Mr. Frank Damon, \$50; for the  
assistance of Rev. O. K. Gulick in his  
Japanese work, \$25; for support of the  
society's pupil in the Hilo Boarding  
School, \$25; for Mr. Castino's mission-  
ary work in Guam, \$20.

The roll book of the society shows a  
large increase in membership, twenty-  
six active members and a number of  
associate members having been added  
last year.

A gentleman met a young woman who  
had formerly been a servant in his  
house, and being interested in her wel-  
fare, said to her: "Why, haven't you  
got married yet?" "No, sir," she re-  
plied, "I have not." "Well, thought you  
would have been married before now?"  
"Oh, no, sir," she said; "there's two waitin'." "Two!" he ex-  
claimed; "why, you don't mean to marry  
two, do you?" "Why," she replied,  
naively, "the two that's waitin' is the  
priest an' me!"

Lord Kitchener declares the report of  
mutiny among the troops to be false and  
explains their action.
